MEMORANDUM FOR THE RECORD

SUBJECT: DDS Briefing on R&D Coordination

25X1A

1. A broad outline of proposed procedures for coordinating Agency R&D programs was described to R. Bannerman, [redacted] of the Support Directorate. [redacted] of O/PPB also attended the briefing. Only [redacted] seemed to have any hesitancy about the proposed procedure, and his reluctance is primarily a "wait and see" attitude. I had the impression that Mr. Bannerman particularly appreciated the objectives which we hope to achieve and would be a willing and active participant in providing preplanning guidance to the various technical groups.

2. At the conclusion of the 90-minute meeting, Bannerman said he was perfectly willing to give the system a try and felt that it was a reasonable approach to the problem.
